Analyze the Graph

Create your own graph

Make a graph of your own.

Interpret another graph

Now, trade share your graph with someone else while they share their graph with you.

First think:

What do you notice?

What do you wonder about this graph?

What information is this giving you?

Then:

Ask the maker of the graph some of your questions.

Take turns asking questions!

Debrief

With the whole class, ask how you were able to practice the “Importance of Struggle” from the video we watched.

What did students like about this activity?

What parts were challenging?

How did they grow their brain during this activity?
